

C1 (BR3 Attic Window)

We had an oops in  
Sept/Oct 2019 issue. We  
swopped the D1 and C1 -  
it happens!  
Here is C1

Cut out with a seam allowance  
and appliqué in place

Join units 1 - 2.  
Join unit 3 to **1** and **2** then 4.  
Appliqué 5 then 6 in place.

Cut 1 from freezer paper. Fuse to back of fabric and cut out with seam allowance (you only need seam allowances on the sides). Press seam allowances under. Remove freezer paper then appliqué in place on top of unit 1 and 2, lining tip with dot on unit 2.
